Exam Questions 312-85

Certified Threat Intelligence Analyst

NEW QUESTION 1

Enrage Tech Company hired Enrique, a security analyst, for performing threat intelligence analysis. While performing data collection process, he used a counterintelligence mechanism where a recursive DNS server is employed to perform interserver DNS communication and when a request is generated from any name server to the recursive DNS server, the recursive DNS servers log the responses that are received. Then it replicates the logged data and stores the data in the central database. Using these logs, he analyzed the malicious attempts that took place over DNS infrastructure.

Which of the following cyber counterintelligence (CCI) gathering technique has Enrique used for data collection?

- A. Data collection through passive DNS monitoring
- B. Data collection through DNS interrogation
- C. Data collection through DNS zone transfer
- D. Data collection through dynamic DNS (DDNS)

Answer: B

NEW QUESTION 2

Tim is working as an analyst in an ABC organization. His organization had been facing many challenges in converting the raw threat intelligence data into meaningful contextual information. After inspection, he found that it was due to noise obtained from misrepresentation of data from huge data collections. Hence, it is important to clean the data before performing data analysis using techniques such as data reduction. He needs to choose an appropriate threat intelligence framework that automatically performs data collection, filtering, and analysis for his organization.

Which of the following threat intelligence frameworks should he choose to perform such task?

- A. HighCharts
- B. SIGVERIF
- C. Threat grid
- D. TC complete

Answer: D

NEW QUESTION 3

An organization suffered many major attacks and lost critical information, such as employee records, and financial information. Therefore, the management decides to hire a threat analyst to extract the strategic threat intelligence that provides high-level information regarding current cyber-security posture, threats, details on the financial impact of various cyber-activities, and so on.

Which of the following sources will help the analyst to collect the required intelligence?

- A. Active campaigns, attacks on other organizations, data feeds from external third parties
- B. OSINT, CTI vendors, ISAO/ISACs
- C. Campaign reports, malware, incident reports, attack group reports, human intelligence
- D. Human, social media, chat rooms

Answer: B

NEW QUESTION 4

Karry, a threat analyst at an XYZ organization, is performing threat intelligence analysis. During the data collection phase, he used a data collection method that involves no participants and is purely based on analysis and observation of activities and processes going on within the local boundaries of the organization.

Identify the type data collection method used by the Karry.

- A. Active data collection
- B. Passive data collection
- C. Exploited data collection
- D. Raw data collection

Answer: B

NEW QUESTION 5

A network administrator working in an ABC organization collected log files generated by a traffic monitoring system, which may not seem to have useful information, but after performing proper analysis by him, the same information can be used to detect an attack in the network.

Which of the following categories of threat information has he collected?

- A. Advisories
- B. Strategic reports
- C. Detection indicators
- D. Low-level data

Answer: C

NEW QUESTION 6

A threat analyst obtains an intelligence related to a threat, where the data is sent in the form of a connection request from a remote host to the server. From this data, he obtains only the IP address of the source and destination but no contextual information. While processing this data, he obtains contextual information stating that multiple connection requests from different geo-locations are received by the server within a short time span, and as a result, the server is stressed and gradually its performance has reduced. He further performed analysis on the information based on the past and present experience and concludes the attack experienced by the client organization.

Which of the following attacks is performed on the client organization?

- A. DHCP attacks
- B. MAC spoofing attack
- C. Distributed Denial-of-Service (DDoS) attack

D. Bandwidth attack

Answer: C

NEW QUESTION 7

Alice, an analyst, shared information with security operation managers and network operations center (NOC) staff for protecting the organizational resources against various threats. Information shared by Alice was highly technical and include threat actor TTPs, malware campaigns, tools used by threat actors, and so on.

Which of the following types of threat intelligence was shared by Alice?

- A. Strategic threat intelligence
- B. Tactical threat intelligence
- C. Technical threat intelligence
- D. Operational threat intelligence

Answer: C

NEW QUESTION 8

H&P, Inc. is a small-scale organization that has decided to outsource the network security monitoring due to lack of resources in the organization. They are looking for the options where they can directly incorporate threat intelligence into their existing network defense solutions.

Which of the following is the most cost-effective methods the organization can employ?

- A. Recruit the right talent
- B. Look for an individual within the organization
- C. Recruit data management solution provider
- D. Recruit managed security service providers (MSSP)

Answer: D

NEW QUESTION 9

An attacker instructs bots to use camouflage mechanism to hide his phishing and malware delivery locations in the rapidly changing network of compromised bots. In this particular technique, a single domain name consists of multiple IP addresses.

Which of the following technique is used by the attacker?

- A. DNS zone transfer
- B. Dynamic DNS
- C. DNS interrogation
- D. Fast-Flux DNS

Answer: D

NEW QUESTION 10

Thank You for Trying Our Product

We offer two products:

1st - We have Practice Tests Software with Actual Exam Questions

2nd - Questions and Answers in PDF Format

312-85 Practice Exam Features:

- * 312-85 Questions and Answers Updated Frequently
- * 312-85 Practice Questions Verified by Expert Senior Certified Staff
- * 312-85 Most Realistic Questions that Guarantee you a Pass on Your First Try
- * 312-85 Practice Test Questions in Multiple Choice Formats and Updates for 1 Year

100% Actual & Verified — Instant Download, Please Click
[Order The 312-85 Practice Test Here](#)
